Press Comments Approved by the DCI 85 March 1962

GIA has equifymed reports that a relatively small number of employees may be released in the next few nouths.

An Agency spelmanna explained that this step had been taken under a mempewer control program established ever a year ago and that some thirty employees had been released under similar ciremestances during the past year.

Rephasizing that the employees affected are not being separated for poor performance or for miseaudust or as security risks, the Agency spokesses reported that they would be assisted by the Agency in seeking other employment.

NOTE:	Text of above statement was given to for Col Grogan immediately after DCI's approval.
	Original and proposed Congressional letter were hand-carried to Colonel White for review and forwarding to General Carter on 28 March. Copies were hand carried to at his request.
